

Hello San Andreas Service Providers,

CA Assembly Bill no. 40 was passed by the CA legislature and approved by the governor on September 27, 2012. The passage of AB 40 resulted in sections 15610.67 and 15630 being added to the CA Welfare and Institutions Code. The complete statute is at the end of this bulletin for your reference. The law established various procedures for the reporting, investigation, and prosecution of elder and dependent adult abuse.

Since the law went into effect there has been some confusion on the part of those of us who are mandated reports regarding what the new procedures are. This affects mostly service providers who are licensed by the Community Care Licensing Division of the CA Department of Social Services. To help clear up the confusion, a webinar has been developed **especially for regional center providers** by Joseph Rodrigues, the State Long Term Care Ombudsman, CA Department of Aging in conjunction with Lucina Galarza, Director of Client Services at San Gabriel/Pomona Regional Center. The webinar will be held on April 29th from 10:00am to 11:00pm PDT. Please click on this web link to register yourself for this webinar.

<https://attendee.gotowebinar.com/register/7507737339039870210>

You will then receive an email with the “go to webinar” instructions.

Additionally, please see the information below from the LEAD Center. Included are links to information about the many changes afoot regarding employment for people with developmental disabilities; the Workforce Innovation and Opportunity Act (WIOA) and upcoming changes to CMS funded services based on the CMS “final rule”. Also below is a link to information on the Achieving a Better Life Experience (ABLE) Act which passed congress three months ago and which enacted changes to IRS code allowing developmentally disabled people to set up tax-free savings accounts. The money in these accounts can be used to cover qualified expenses such as education, housing and transportation. Having these ABLE accounts will not affect people’s eligibility for SSI, Medicaid and other public benefits.

Thanks for your attention to these issues and, once again, thanks for all that you do every day to provide services to the approximately 15,000 people served by San Andreas Regional Center. We are so very grateful to you for the services you provide!

Jeff

P.S. This Provider Bulletin will be posted to www.sarc.org. Roll over the “Service Providers” heading. Choose “Provider Bulletin” from the drop down menu. <http://www.sanandreasregional.org/provider-bulletin/>

Disability and Employment

On February 3rd, the Obama Administration hosted the "Summit on Disability and Employment." Focused on providing businesses, advocates and the general public with information on new and existing federal resources to improve employment opportunities for people with disabilities, the Summit provided attendees with a forum to share best practices and effective strategies to successfully recruit, hire, promote and retain employees with disabilities.

LEAD Participates in Congressional Briefing on Disability Pay Gap

At a time when people with disabilities earn 63 cents for every dollar earned by people without disabilities, LEAD Assistant Project Director Elizabeth Jennings joined a panel of leading experts to examine the pay gap between workers with and without disabilities. Held on January 22nd, "Closing the Pay Gap for Workers with Disabilities," took place on Capitol Hill.

The Workforce Innovation and Opportunity Act (WIOA), signed into law by President Obama last July, maintains a primary focus on assisting job seekers and workers with and without disabilities to succeed in the labor market, and matches employers with skilled workers who may benefit from education, skills training and career services. The LEAD Center is hosting a four-part webinar series on WIOA about key aspects of the law that represent new opportunities for the public workforce system to support job seekers with disabilities.

LEAD Center Hosts Webinar on CMS Guidance on Non-Residential Services and its Implications for Employment

On March 25, 2015, the U.S. Department of Labor's Office of Disability Employment Policy (ODEP), in collaboration with the Centers for Medicare and Medicaid Services (CMS) and the National LEAD Center, hosted a webinar entitled, "Redefining Home & Community Based Services: CMS Guidance on Non-Residential Services and its Implications for Employment." Leading experts from CMS's Disability & Elderly Public Health Group presented information about recent CMS policy guidance issued around this topic and responded to questions posed by webinar participants.

The Latest on the ABLE Act and ABLE Accounts

Although the Achieving a Better Life Experience (ABLE) Act has been law for more than three months, there remains a significant amount of work to be done before individuals with disabilities and their families can begin to benefit. The two most pressing areas of work remaining are the development of state ABLE programs and the establishment of ABLE regulations and/or guidance by the U.S. Department of Treasury.

Employment and Training Administration Releases a Training Employment Guidance Letter Concerning the Workforce Opportunity and Innovation Act

Consistent with the various timelines stipulated in WIOA, we can expect the release of related materials developed by various federal agencies and departments articulating how states should begin implementing the law. One such piece was recently released by the Employment and Training Administration (ETA) in the form of a Training and Employment Guidance Letter (TEGL).

FEATURED AGENCY

Advisory Committee on Increasing Competitive Integrated Employment for Individuals with Disabilities

The Workforce Innovation and Opportunity Act (WIOA) establishes several new and exciting mandates aimed at increasing the participation of individuals with disabilities in the American workforce. Among those mandates is the establishment of the "Advisory Committee on Increasing Competitive Integrated Employment for Individuals with Disabilities." As stated by the United States Department of Labor Office for Disability Employment Policy (ODEP), the purpose of the Committee is to prepare findings, conclusions and recommendations for the Secretary of Labor on:

- Strategies to increase employment opportunities for individuals with intellectual or developmental disabilities and/or other individuals with significant disabilities in competitive integrated employment;
- The use of certificate programs carried out under Section 14(c) of the Fair Labor Standards Act (FLSA) for the employment of individuals with intellectual or developmental disabilities and other individuals with significant disabilities; and

-
- Approaches to improve oversight of the use of such certificates.

SECTION 1.

Section 15610.67 is added to the Welfare and Institutions Code, to read:

15610.67.

“Serious bodily injury” means an injury involving extreme physical pain, substantial risk of death, or protracted loss or impairment of function of a bodily member, organ, or of mental faculty, or requiring medical intervention, including, but not limited to, hospitalization, surgery, or physical rehabilitation.

SEC. 2.

Section 15630 of the Welfare and Institutions Code is amended to read:

15630.

(a) Any person who has assumed full or intermittent responsibility for the care or custody of an elder or dependent adult, whether or not he or she receives compensation, including administrators, supervisors, and any licensed staff of a public or private facility that provides care or services for elder or dependent adults, or any elder or dependent adult care custodian, health practitioner, clergy member, or employee of a county adult protective services agency or a local law enforcement agency, is a mandated reporter.

(b) (1) Any mandated reporter who, in his or her professional capacity, or within the scope of his or her employment, has observed or has knowledge of an incident that reasonably appears to be physical abuse, as defined in Section 15610.63, abandonment, abduction, isolation, financial abuse, or neglect, or is told by an elder or dependent adult that he or she has experienced behavior, including an act or omission, constituting physical abuse, as defined in Section 15610.63, abandonment, abduction, isolation, financial abuse, or neglect, or reasonably suspects that abuse, shall report the known or suspected instance of abuse by telephone or through a confidential Internet reporting tool, as authorized by Section 15658, immediately or as soon as practicably possible. If reported by telephone, a written report shall be sent, or an Internet report shall be made through the confidential Internet reporting tool established in Section 15658, within two working days.

(A) If the suspected or alleged abuse is physical abuse, as defined in Section 15610.63, and the abuse occurred in a long-term care facility, except a state mental health hospital or a state developmental center, the following shall occur:

(i) If the suspected abuse results in serious bodily injury, a telephone report shall be made to the local law enforcement agency immediately, and no later than within two hours of the mandated reporter observing, obtaining knowledge of, or suspecting the physical abuse, and a written report shall be made to the local ombudsman, the corresponding licensing agency, and the local law enforcement agency within two hours of the mandated reporter observing, obtaining knowledge of, or suspecting the physical abuse.

(ii) If the suspected abuse does not result in serious bodily injury, a telephone report shall be made to the local law enforcement agency within 24 hours of the mandated reporter observing, obtaining knowledge of, or suspecting the physical abuse, and a written report shall be made to the local ombudsman, the corresponding licensing agency, and the local law enforcement agency within 24 hours of the mandated reporter observing, obtaining knowledge of, or suspecting the physical abuse.

(iii) When the suspected abuse is allegedly caused by a resident with a physician’s diagnosis of dementia, and there is no serious bodily injury, as reasonably determined by the mandated reporter, drawing upon his or her training or experience, the reporter shall report to the local ombudsman or law enforcement agency by telephone, immediately or as soon as practicably possible, and by written report, within 24 hours.

(iv) When applicable, reports made pursuant to clauses (i) and (ii) shall be deemed to satisfy the reporting requirements of the federal Elder Justice Act of 2009, as set out in Subtitle H of the federal Patient Protection and Affordable Care Act (Public Law 111-148), Section 1418.91 of the Health and Safety Code, and Section 72541 of Title 22 of the California Code of Regulations. When a local law enforcement agency receives an initial report of suspected abuse in a long-term care facility pursuant to this subparagraph, the local law enforcement agency may coordinate efforts with the local ombudsman to provide the most immediate and appropriate response warranted to investigate the mandated report. The local ombudsman and local law enforcement agencies may collaborate to develop protocols to implement this subparagraph.

(B) Notwithstanding the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, or any other law, the department may implement subparagraph (A), in whole or in part, by means of all-county letters, provider bulletins, or other similar instructions without taking regulatory action.

(C) If the suspected or alleged abuse is abuse other than physical abuse, and the abuse occurred in a long-term care facility, except a state mental health hospital or a state developmental center, a telephone report and a written report shall be made to the local ombudsman or the local law enforcement agency.

(D) With regard to abuse reported pursuant to subparagraphs (A) and (C), the local ombudsman and the local law enforcement agency shall, as soon as practicable, except in the case of an emergency or pursuant to a report required to be made pursuant to clause (v), in which case these actions shall be taken immediately, do all of the following:

(i) Report to the State Department of Public Health any case of known or suspected abuse occurring in a long-term health care facility, as defined in subdivision (a) of Section 1418 of the Health and Safety Code.

(ii) Report to the State Department of Social Services any case of known or suspected abuse occurring in a residential care facility for the elderly, as defined in Section 1569.2 of the Health and Safety Code, or in an adult day program, as defined in paragraph (2) of subdivision (a) of Section 1502 of the Health and Safety Code.

(iii) Report to the State Department of Public Health and the California Department of Aging any case of known or suspected abuse occurring in an adult day health care center, as defined in subdivision (b) of Section 1570.7 of the Health and Safety Code.

(iv) Report to the Bureau of Medi-Cal Fraud and Elder Abuse any case of known or suspected criminal activity.

(v) Report all cases of known or suspected physical abuse and financial abuse to the local district attorney's office in the county where the abuse occurred.

(E) If the suspected or alleged abuse occurred in a state mental hospital or a state developmental center, the report shall be made to designated investigators of the State Department of State Hospitals or the State Department of Developmental Services, or to the local law enforcement agency.

Except in an emergency, the local law enforcement agency shall, as soon as practicable, report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse.

(F) If the abuse has occurred any place other than one described in subparagraph (A), the report shall be made to the adult protective services agency or the local law enforcement agency.

(2) (A) A mandated reporter who is a clergy member who acquires knowledge or reasonable suspicion of elder or dependent adult abuse during a penitential communication is not subject to paragraph (1). For purposes of this subdivision, "penitential communication" means a communication that is intended to be in confidence, including, but not limited to, a sacramental confession made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization is authorized or accustomed to hear those communications and under the discipline tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(B) This subdivision shall not be construed to modify or limit a clergy member's duty to report known or suspected elder and dependent adult abuse if he or she is acting in the capacity of a care custodian, health practitioner, or employee of an adult protective services agency.

(C) Notwithstanding any other provision in this section, a clergy member who is not regularly employed on either a full-time or part-time basis in a long-term care facility or does not have care or custody of an elder or dependent adult shall not be responsible for reporting abuse or neglect that is not reasonably observable or discernible to a reasonably prudent person having no specialized training or experience in elder or dependent care.

(3) (A) A mandated reporter who is a physician and surgeon, a registered nurse, or a psychotherapist, as defined in Section 1010 of the Evidence Code, shall not be required to report, pursuant to paragraph (1), an incident if all of the following conditions exist:

(i) The mandated reporter has been told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, as defined in Section 15610.63, abandonment, abduction, isolation, financial abuse, or neglect.

(ii) The mandated reporter is not aware of any independent evidence that corroborates the statement that the abuse has occurred.

(iii) The elder or dependent adult has been diagnosed with a mental illness or dementia, or is the subject of a court-ordered conservatorship because of a mental illness or dementia.

(iv) In the exercise of clinical judgment, the physician and surgeon, the registered nurse, or the psychotherapist, as defined in Section 1010 of the Evidence Code, reasonably believes that the abuse did not occur.

(B) This paragraph shall not be construed to impose upon mandated reporters a duty to investigate a known or suspected incident of abuse and shall not be construed to lessen or restrict any existing duty of mandated reporters.

(4) (A) In a long-term care facility, a mandated reporter shall not be required to report as a suspected incident of abuse, as defined in Section 15610.07, an incident if all of the following conditions exist:

(i) The mandated reporter is aware that there is a proper plan of care.

(ii) The mandated reporter is aware that the plan of care was properly provided or executed.

(iii) A physical, mental, or medical injury occurred as a result of care provided pursuant to clause (i) or (ii).

(iv) The mandated reporter reasonably believes that the injury was not the result of abuse.

(B) This paragraph shall not be construed to require a mandated reporter to seek, nor to preclude a mandated reporter from seeking, information regarding a known or suspected incident of abuse prior to reporting. This paragraph shall apply only to those categories of mandated reporters that the State Department of Public Health determines, upon approval by the Bureau of Medi-Cal Fraud and Elder Abuse and the state long-term care ombudsman, have access to plans of care and have the training and experience necessary to determine whether the conditions specified in this section have been met.

(c) (1) Any mandated reporter who has knowledge, or reasonably suspects, that types of elder or dependent adult abuse for which reports are not mandated have been inflicted upon an elder or dependent adult, or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of abuse.

(2) If the suspected or alleged abuse occurred in a long-term care facility other than a state mental health hospital or a state developmental center, the report may be made to the long-term care ombudsman program. Except in an emergency, the local ombudsman shall report any case of known or suspected abuse to the State Department of Public Health and any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse, as soon as is practicable.

(3) If the suspected or alleged abuse occurred in a state mental health hospital or a state developmental center, the report may be made to the designated investigator of the State Department of State Hospitals or the State Department of Developmental Services or to a local law enforcement agency. Except in an emergency, the local law enforcement agency shall report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse, as soon as is practicable.

(4) If the suspected or alleged abuse occurred in a place other than a place described in paragraph (2) or (3), the report may be made to the county adult protective services agency.

(5) If the conduct involves criminal activity not covered in subdivision (b), it may be immediately reported to the appropriate law enforcement agency.

(d) If two or more mandated reporters are present and jointly have knowledge or reasonably suspect that types of abuse of an elder or a dependent adult for which a report is or is not mandated have occurred, and there is agreement among them, the telephone report or Internet report, as authorized by Section 15658, may be made by a member of the team selected by mutual agreement, and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(e) A telephone report or Internet report, as authorized by Section 15658, of a known or suspected instance of elder or dependent adult abuse shall include, if known, the name of the person making the report, the name and age of the elder or dependent adult, the present location of the elder or dependent adult, the names and addresses of family members or any other adult responsible for the elder's or dependent adult's care, the nature and extent of the elder's or dependent adult's condition, the date of the incident, and any other information, including information that led that person to suspect elder or dependent adult abuse, as requested by the agency receiving the report.

(f) The reporting duties under this section are individual, and no supervisor or administrator shall impede or inhibit the reporting duties, and no person making the report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting, ensure confidentiality, and apprise supervisors and administrators of reports may be established, provided they are not inconsistent with this chapter.

(g) (1) Whenever this section requires a county adult protective services agency to report to a law enforcement agency, the law enforcement agency shall, immediately upon request, provide a copy of its investigative report concerning the reported matter to that county adult protective services agency.

(2) Whenever this section requires a law enforcement agency to report to a county adult protective services agency, the county adult protective services agency shall, immediately upon request, provide to that law enforcement agency a copy of its investigative report concerning the reported matter.

(3) The requirement to disclose investigative reports pursuant to this subdivision shall not include the disclosure of social services records or case files that are confidential, nor shall this subdivision be construed to allow disclosure of any reports or records if the disclosure would be prohibited by any other provision of state or federal law.

(h) Failure to report, or impeding or inhibiting a report of, physical abuse, as defined in Section 15610.63, abandonment, abduction, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, is a misdemeanor, punishable by not more than six months in the county jail, by a fine of not more than one thousand dollars (\$1,000), or by both that fine and imprisonment. Any mandated reporter who willfully fails to report, or impedes or inhibits a report of, physical abuse, as defined in Section 15610.63, abandonment, abduction, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, if that abuse results in death or great bodily injury, shall be punished by not more than one year in a county jail, by a fine of not more than five thousand dollars (\$5,000), or by both that fine and imprisonment. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until a law enforcement agency specified in paragraph (1) of subdivision (b) of Section 15630 discovers the offense.

(i) For purposes of this section, "dependent adult" shall have the same meaning as in Section 15610.23.

SEC. 2.5.

Section 15630 of the Welfare and Institutions Code is amended to read:

15630.

(a) Any person who has assumed full or intermittent responsibility for the care or custody of an elder or dependent adult, whether or not he or she receives compensation, including administrators, supervisors, and any licensed staff of a public or private facility that provides care or services for elder or dependent adults, or any elder or dependent adult care custodian, health practitioner, clergy member, or employee of a county adult protective services agency or a local law enforcement agency, is a mandated reporter.

(b) (1) Any mandated reporter who, in his or her professional capacity, or within the scope of his or her employment, has observed or has knowledge of an incident that reasonably appears to be physical abuse, as defined in Section 15610.63, abandonment, abduction, isolation, financial abuse, or neglect, or is told by an elder or dependent adult that he or she has experienced behavior, including an act or omission, constituting physical abuse, as defined in Section 15610.63, abandonment, abduction, isolation, financial abuse, or neglect, or reasonably suspects that abuse, shall report the known or suspected instance of abuse by telephone or through a confidential Internet reporting tool, as authorized by Section 15658, immediately or as soon as practicably possible. If reported by telephone, a written report shall be sent, or an Internet report shall be made through the confidential Internet reporting tool established in Section 15658, within two working days:

(A) If the suspected or alleged abuse is physical abuse, as defined in Section 15610.63, and the abuse occurred in a long-term care facility, except a state mental health hospital or a state developmental center, the following shall occur:

(i) If the suspected abuse results in serious bodily injury, a telephone report shall be made to the local law enforcement agency immediately, and no later than within two hours of the mandated reporter observing, obtaining knowledge of, or suspecting the physical abuse, and a written report shall be made to the local ombudsman, the corresponding licensing agency, and the local law enforcement agency

within two hours of the mandated reporter observing, obtaining knowledge of, or suspecting the physical abuse.

(ii) If the suspected abuse does not result in serious bodily injury, a telephone report shall be made to the local law enforcement agency within 24 hours of the mandated reporter observing, obtaining knowledge of, or suspecting the physical abuse, and a written report shall be made to the local ombudsman, the corresponding licensing agency, and the local law enforcement agency within 24 hours of the mandated reporter observing, obtaining knowledge of, or suspecting the physical abuse.

(iii) When the suspected abuse is allegedly caused by a resident with a physician's diagnosis of dementia, and there is no serious bodily injury, as reasonably determined by the mandated reporter, drawing upon his or her training or experience, the reporter shall report to the local ombudsman or law enforcement agency by telephone, immediately or as soon as practicably possible, and by written report, within 24 hours.

(iv) When applicable, reports made pursuant to clauses (i) and (ii) shall be deemed to satisfy the reporting requirements of the federal Elder Justice Act of 2009, as set out in Subtitle H of the federal Patient Protection and Affordable Care Act (Public Law 111-148), Section 1418.91 of the Health and Safety Code, and Section 72541 of Title 22 of the California Code of Regulations. When a local law enforcement agency receives an initial report of suspected abuse in a long-term care facility pursuant to this subparagraph, the local law enforcement agency may coordinate efforts with the local ombudsman to provide the most immediate and appropriate response warranted to investigate the mandated report. The local ombudsman and local law enforcement agencies may collaborate to develop protocols to implement this subparagraph.

(B) Notwithstanding the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, or any other law, the department may implement subparagraph (A), in whole or in part, by means of all-county letters, provider bulletins, or other similar instructions without taking regulatory action.

(C) If the suspected or alleged abuse is abuse other than physical abuse, and the abuse occurred in a long-term care facility, except a state mental health hospital or a state developmental center, a telephone report and a written report shall be made to the local ombudsman or the local law enforcement agency.

(D) With regard to abuse reported pursuant to subparagraphs (A) and (C), the local ombudsman and the local law enforcement agency shall, as soon as practicable, except in the case of an emergency or pursuant to a report required to be made pursuant to clause (v), in which case these actions shall be taken immediately, do all of the following:

(i) Report to the State Department of Public Health any case of known or suspected abuse occurring in a long-term health care facility, as defined in subdivision (a) of Section 1418 of the Health and Safety Code.

(ii) Report to the State Department of Social Services any case of known or suspected abuse occurring in a residential care facility for the elderly, as defined in Section 1569.2 of the Health and Safety Code, or in an adult day program, as defined in paragraph (2) of subdivision (a) of Section 1502 of the Health and Safety Code.

(iii) Report to the State Department of Public Health and the California Department of Aging any case of known or suspected abuse occurring in an adult day health care center, as defined in subdivision (b) of Section 1570.7 of the Health and Safety Code.

(iv) Report to the Bureau of Medi-Cal Fraud and Elder Abuse any case of known or suspected criminal activity.

(v) Report all cases of known or suspected physical abuse and financial abuse to the local district attorney's office in the county where the abuse occurred.

(E) If the suspected or alleged abuse occurred in a state mental hospital or a state developmental center, the report shall be made to designated investigators of the State Department of State Hospitals or the State Department of Developmental Services, or to the local law enforcement agency.

(i) Except in an emergency, the local law enforcement agency shall, as soon as practicable, report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse.

(ii) Mandated reporters of the State Department of Developmental Services shall immediately report suspected abuse to the Office of Protective Services or to the local law enforcement agency.

(F) If the abuse has occurred any place other than one described in subparagraph (A), the report shall be made to the adult protective services agency or the local law enforcement agency.

(2) (A) A mandated reporter who is a clergy member who acquires knowledge or reasonable suspicion of elder or dependent adult abuse during a penitential communication is not subject to paragraph (1). For purposes of this subdivision, "penitential communication" means a communication that is intended to be in confidence, including, but not limited to, a sacramental confession made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization is authorized or accustomed to hear those communications and under the discipline tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(B) This subdivision shall not be construed to modify or limit a clergy member's duty to report known or suspected elder and dependent adult abuse if he or she is acting in the capacity of a care custodian, health practitioner, or employee of an adult protective services agency.

(C) Notwithstanding any other provision in this section, a clergy member who is not regularly employed on either a full-time or part-time basis in a long-term care facility or does not have care or custody of an elder or dependent adult shall not be responsible for reporting abuse or neglect that is not reasonably observable or discernible to a reasonably prudent person having no specialized training or experience in elder or dependent care.

(3) (A) A mandated reporter who is a physician and surgeon, a registered nurse, or a psychotherapist, as defined in Section 1010 of the Evidence Code, shall not be required to report, pursuant to paragraph (1), an incident if all of the following conditions exist:

(i) The mandated reporter has been told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, as defined in Section 15610.63, abandonment, abduction, isolation, financial abuse, or neglect.

(ii) The mandated reporter is not aware of any independent evidence that corroborates the statement that the abuse has occurred.

(iii) The elder or dependent adult has been diagnosed with a mental illness or dementia, or is the subject of a court-ordered conservatorship because of a mental illness or dementia.

(iv) In the exercise of clinical judgment, the physician and surgeon, the registered nurse, or the psychotherapist, as defined in Section 1010 of the Evidence Code, reasonably believes that the abuse did not occur.

(B) This paragraph shall not be construed to impose upon mandated reporters a duty to investigate a known or suspected incident of abuse and shall not be construed to lessen or restrict any existing duty of mandated reporters.

(4) (A) In a long-term care facility, a mandated reporter shall not be required to report as a suspected incident of abuse, as defined in Section 15610.07, an incident if all of the following conditions exist:

(i) The mandated reporter is aware that there is a proper plan of care.

(ii) The mandated reporter is aware that the plan of care was properly provided or executed.

(iii) A physical, mental, or medical injury occurred as a result of care provided pursuant to clause (i) or (ii).

(iv) The mandated reporter reasonably believes that the injury was not the result of abuse.

(B) This paragraph shall not be construed to require a mandated reporter to seek, nor to preclude a mandated reporter from seeking, information regarding a known or suspected incident of abuse prior to reporting. This paragraph shall apply only to those categories of mandated reporters that the State Department of Public Health determines, upon approval by the Bureau of Medi-Cal Fraud and Elder Abuse and the state long-term care ombudsman, have access to plans of care and have the training and experience necessary to determine whether the conditions specified in this section have been met.

(c) (1) Any mandated reporter who has knowledge, or reasonably suspects, that types of elder or dependent adult abuse for which reports are not mandated have been inflicted upon an elder or dependent adult, or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of abuse.

(2) If the suspected or alleged abuse occurred in a long-term care facility other than a state mental health hospital or a state developmental center, the report may be made to the long-term care ombudsman program. Except in an emergency, the local ombudsman shall report any case of known or suspected

abuse to the State Department of Public Health and any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse, as soon as is practicable.

(3) If the suspected or alleged abuse occurred in a state mental health hospital or a state developmental center, the report may be made to the designated investigator of the State Department of State Hospitals or the State Department of Developmental Services or to a local law enforcement agency. Except in an emergency, the local law enforcement agency shall report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse, as soon as is practicable.

(4) If the suspected or alleged abuse occurred in a place other than a place described in paragraph (2) or (3), the report may be made to the county adult protective services agency.

(5) If the conduct involves criminal activity not covered in subdivision (b), it may be immediately reported to the appropriate law enforcement agency.

(d) If two or more mandated reporters are present and jointly have knowledge or reasonably suspect that types of abuse of an elder or a dependent adult for which a report is or is not mandated have occurred, and there is agreement among them, the telephone report or Internet report, as authorized by Section 15658, may be made by a member of the team selected by mutual agreement, and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(e) A telephone report or Internet report, as authorized by Section 15658, of a known or suspected instance of elder or dependent adult abuse shall include, if known, the name of the person making the report, the name and age of the elder or dependent adult, the present location of the elder or dependent adult, the names and addresses of family members or any other adult responsible for the elder's or dependent adult's care, the nature and extent of the elder's or dependent adult's condition, the date of the incident, and any other information, including information that led that person to suspect elder or dependent adult abuse, as requested by the agency receiving the report.

(f) The reporting duties under this section are individual, and no supervisor or administrator shall impede or inhibit the reporting duties, and no person making the report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting, ensure confidentiality, and apprise supervisors and administrators of reports may be established, provided they are not inconsistent with this chapter.

(g) (1) Whenever this section requires a county adult protective services agency to report to a law enforcement agency, the law enforcement agency shall, immediately upon request, provide a copy of its investigative report concerning the reported matter to that county adult protective services agency.

(2) Whenever this section requires a law enforcement agency to report to a county adult protective services agency, the county adult protective services agency shall, immediately upon request, provide to that law enforcement agency a copy of its investigative report concerning the reported matter.

(3) The requirement to disclose investigative reports pursuant to this subdivision shall not include the disclosure of social services records or case files that are confidential, nor shall this subdivision be construed to allow disclosure of any reports or records if the disclosure would be prohibited by any other provision of state or federal law.

(h) Failure to report, or impeding or inhibiting a report of, physical abuse, as defined in Section 15610.63, abandonment, abduction, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, is a misdemeanor, punishable by not more than six months in the county jail, by a fine of not more than one thousand dollars (\$1,000), or by both that fine and imprisonment. Any mandated reporter who willfully fails to report, or impedes or inhibits a report of, physical abuse, as defined in Section 15610.63, abandonment, abduction, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, if that abuse results in death or great bodily injury, shall be punished by not more than one year in a county jail, by a fine of not more than five thousand dollars (\$5,000), or by both that fine and imprisonment. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until a law enforcement agency specified in paragraph (1) of subdivision (b) of Section 15630 discovers the offense.

(i) For purposes of this section, "dependent adult" shall have the same meaning as in Section 15610.23.

SEC. 3.

Section 15631 of the Welfare and Institutions Code is amended to read:

15631.

(a) Any person who is not a mandated reporter under Section 15630, who knows, or reasonably suspects, that an elder or a dependent adult has been the victim of abuse may report that abuse to a long-term care ombudsman program or local law enforcement agency, or both the long-term care ombudsman program and local law enforcement agency when the abuse is alleged to have occurred in a long-term care facility.

(b) Any person who is not a mandated reporter under Section 15630, who knows, or reasonably suspects, that an elder or a dependent adult has been the victim of abuse in any place other than a long-term care facility may report the abuse to the county adult protective services agency or local law enforcement agency.

SEC. 4.

Section 2.5 of this bill incorporates amendments to Section 15630 of the Welfare and Institutions Code proposed by this bill and Senate Bill 1051. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2013, (2) each bill amends Section 15630 of the Welfare and Institutions Code, and (3) this bill is enacted after Senate Bill 1051, in which case Section 15630 of the Welfare and Institutions Code, as amended by Senate Bill 1051, shall remain operative only until the operative date of this bill, at which time Section 2.5 of this bill shall become operative, and Section 2 of this bill shall not become operative.

SEC. 5.

No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution. However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
