Higher risk individuals (over 65 or with serious medical conditions) should continue to stay home until Stage 4. Minimize errands by getting groceries delivered or asking for help from friends or family

Californians have been staying home and saving lives since the start of our statewide stay-at-home order issued on March 19, 2020. These efforts have allowed the state to move forward on our [roadmap](#) for modifying the statewide order.

California moved into Stage 2 of modifying the state’s Stay-at-Home order on May 8, 2020.
