RE: Enhanced Supported Living Services

Geographic location: Santa Clara County

Start-Up Funds: \$125,000.00

San Andreas Regional Center

San Andreas Regional Center (SARC) is a community-based, private nonprofit corporation funded by the State of California to serve people with developmental disabilities as required by the Lanterman Developmental Disabilities Act. The Lanterman Act is part of California law that sets out persons with developmental disabilities' rights and responsibilities. San Andreas serves individuals and their families who reside within Monterey, San Benito, Santa Clara, and Santa Cruz Counties and is one of 21 Regional Centers in California.

Service Description

SARC has determined a need for an Enhanced Supported Living Services (ESLS) service provider to serve Santa Clara. This provider embraces the guiding principles of Supported Living Services (SLS) outlined in Section 4689(a) of the Lanterman Act and will meet all standard functions of a supported living services agency. In addition, the ESLS service provider will provide enhanced tailored supports with a focus on serving individuals who have not been successful in other services and settings and/or who may be at risk of placement in a more restrictive environment. Individuals served may include:

1. Individuals with intense behaviors
2. Individuals with forensic involvement
3. Individuals with a mental health diagnosis
4. Individuals struggling with substance abuse

5. Individuals who were unsuccessful in other living arrangements due to behaviors or forensic involvement
6. Individuals who are deemed to need a higher level of services based on a 4418 and comprehensive assessment

The ESLS is an organization under contract to and vendored by a Regional Center. The ESLS will provide specialized assessment, considering trauma-informed care and person-centered planning. ESLS transition services would include specialized supports, and the ESLS will assist in securing housing. Ongoing services would be provided by a highly qualified administrator, case managers, and direct support professionals with extensive initial and ongoing training to meet the unique needs of the individuals served. The ESLS would provide a set number of consultant hours to support each individual appropriately and use principles of trauma-informed care, positive behavioral approaches, and person-centered thinking practices as the foundation of their services.

San Andreas will work closely with the ESLS service provider and the Department of Developmental Services to request a 637 waiver to the existing SLS median rates with justification for an enhanced rate.

Board members and employees of regional centers are prohibited from submitting proposals. Refer to Title 17, Section 54314 for a complete list of ineligible applicants.
