EMPLOYMENT-FIRST POLICY

Purpose: It is the intent of San Andreas Regional Center to make meaningful, integrated, and competitive employment an objective for every adult individual who wishes to work and receives services from this regional center. San Andreas Regional Center supports the intent of the state of California's Employment-First Policy in compliance with all state and federal laws, regulations, and court decisions.

San Andreas Regional Center recognizes that meaningful, integrated, and competitive employment is the first option that all individuals served should be given when planning for their futures. The planning team will explore all options for successful employment.

II. **Definitions**:

- Consumer, individual, and person served are used interchangeably in regional center policy and the Lanterman Developmental Disabilities Services Act and mean a person who has been found eligible and receives services from the regional center.
- Meaningful, integrated, and competitive employment means a job at a workplace among both individuals with and without disabilities that is full or part-time at or above minimum wage and the standard compensation for their position.
- Supported Employment is a service through the regional center or the Department of Rehabilitation that provides job development and job coaching for the lifetime of the job or until independence. Supported employment may occur in a group (i.e., 1:3 job coach-to- consumer ratio) or individually (1:1 ratio).
- The Department of Rehabilitation is a generic publicly funded agency which provides supported employment for individuals who are ready-towork but require job development and job coaching.
- Paid Internship Program provides meaningful, integrated, and competitive employment opportunities and experience for individuals who desire to work. The regional center funds the individual's wages and payroll costs up to 1,040 hours in a 12-month period in keeping with DDS (Department of Developmental Services) Directives.

- Competitive Integrated Employment Incentive Payments are payments paid
 to regional center service providers for placing individuals into competitive
 integrated employment. The provider receives incentive payments when
 the individual is consecutively employed 30 days, six months, and 12
 months.
- Day program job placements are competitive integrated employment opportunities facilitated by the individual's adult day program (please see the Adult Day Programs Purchase of Service Policy).
- Pre-vocational means work assessments, unpaid or paid internships, skill
 development instruction, and other activities through educational or
 regional center services through which an individual is prepared to
 become ready for competitive integrated employment.
- Reference Appendix A for additional information on services through San Andreas Regional Center funded programs as well as community accessed programs and resources.
- III. **Policy**: The individual program plan team is required to discuss and assist any individual served who is 16 years or older and interested in becoming employed in-meaningful, integrated, and competitive employment. Once required services and supports are determined, the IPP team will draft the individual's service plan with goals to assist the individual in obtaining employment. All appropriate services and supports will be explored, including programs through Local Education Agencies, the Department of Education, or the Department of Rehabilitation, self-employment, and competitive employment in keeping with the Americans with Disabilities Act. For individuals requiring more assistance or support, the planning team may consider adult day programs, supported employment, and other services funded through the regional center.

San Andreas Regional Center will, as a matter of policy and practice, partner with other developmental disability community stakeholder organizations to work effectively with private and public employers to develop successful employment opportunities for individuals we serve.

IV. Purchase of Service Standard: Purchased services will be that service or constellation of services most-appropriate and cost-effective to meet the objective of obtaining and sustaining employment. Such purchases of service

will be made in keeping with each service's applicable purchase of service policy.

- Supported Employment shall be purchased when the individual is stable in their job placement and prepared to transition from the Department of Rehabilitation's job development and coaching to regional center job coaching. Alternatively, Supported Employment may be purchased for the purposes of job development and job coaching in the event the Department of Rehabilitation has a wait list or is otherwise unable to provide the service, the individual's IPP team has agreed that this service is necessary and appropriate, and is otherwise unavailable. This service shall be justified by an IPP objective and reviewed at least semi-annually.
- The Paid Internship Program shall be purchased in order to facilitate
 the hiring of an individual who is ready to work but would otherwise
 not be hired into a competitive integrated workplace. These funds are
 to go to the employer of record; the employment site may not be the
 service provider, or any entity affiliated with the service provider. The
 total subsidy shall not exceed 1,040 hours for a consecutive 12-month
 period.
- Effective July 1, 2021, Paid Internship Placement Incentive Payments shall be provided to a regional center service provider who successfully places and supports an individual in a Paid Internship position; the service provider shall receive a payment of \$750 if the individual remains in the paid internship placement for 30 consecutive calendar days and \$1000 for sixty (60) consecutive calendar days.
- Competitive Integrated Employment Incentive Payments shall be provided to a regional center service provider who successfully places an individual in a competitive integrated workplace; the service provider shall receive a payment of \$2,000 if the individual remains in the placement for 30 consecutive calendar days, \$2,500 for six consecutive calendar months, and \$3,000 for 12 consecutive calendar months, for a maximum of \$7,500.
- Effective July 1, 2022, Competitive Integrated Employment Incentive Payments shall be provided to a regional center service provider who successfully places four individuals in a competitive integrated workplace; for each individual thereafter the service provider shall receive a payment of \$500 if the individual remains in the placement for 30 consecutive calendar days and \$1,000 for six (6) consecutive calendar months.

- Effective July 1, 2022, Competitive Integrated Employment Incentive Payments shall be provided to a regional center service provider who successfully places an individual in a competitive integrated workplace after the individual exits sub-minimum wage employment [14(c)certificate]; the service provider shall receive a payment of \$500 if the individual remains in the placement for 30 consecutive calendar days and \$500 for six (6) consecutive calendar months.
- Effective July 1, 2022, Competitive Integrated Employment Incentive Payments shall be provided to a regional center service provider who successfully places an individual in a competitive integrated workplace who exits an internship through the Paid Internship Program (PIP); the service provider shall receive a payment of \$500 if the individual remains in the placement for 30 consecutive calendar days and \$500 for six (6) consecutive calendar months.
- Day program job placements shall be funded as a part of the individual's adult day program under the Adult Day Programs Purchase of Service Policy.
- Pre-vocational training may occur as an appropriate objective under other generic or regional center services.
- V. **Exception Process**: The executive director has full discretion to authorize purchases of service which are exceptions to the board-adopted purchase of service policies and standards. The executive director has designated that the Director and Associate Directors of Consumer Services are authorized to grant an exception in the executive director's stead; these individuals are referred to as director's designees.

The first formal discussion of a request for service takes place at the planning team meeting. If the request falls within the service policy, the request is granted.

If the request for service is not consistent with the policy, the service coordinator starts the exception review process by exploring the basis for the request. A timeline for the director's exception review is set by agreement between the individual/family and the service coordinator but the timeline may not exceed fifteen (15) days. Within that time, another planning team meeting will be convened. In the meantime, the coordinator presents the information to the manager to determine whether a director's exception may be warranted. At the scheduled planning team meeting the decision will be made. The director's designee will attend the planning team meeting if

necessary. If the exception is granted, the service coordinator amends the person-centered individual program plan, notifies the individual/family, and gives a copy of the amended plan to the individual/family.

VI. **Notice of Action**: If the exception is not granted, the service coordinator promptly informs the individual/family that it has not been granted, informs the individual/family of their appeal rights, and sends a notice of action and a fair hearing form.

If a decision is made to deny, reduce, or cancel the service without the agreement of the individual or the individual's representative, a Notice of Action will be sent.

DDS Approved: October 30, 2023 Board Adopted: November 13, 2023

CALIFORNIA COMPETITVE INTEGRATED EMPLOYMENT RESOURCES, SERVICES & FUNDING

(Training, Securing & Retaining CIE)

The specifics indicated in this chart are intended to support youth and young adults with a wide range of disabilities,

	including those with the most significant disabilities. Eligibility requirements apply to all and some services are time limited.
