Geographic Location(s): Santa Clara, Santa Cruz, Monterey, or San Benito Counties.

Contract Award: Startup funding up to \$150,000

San Andreas Regional Center

San Andreas Regional Center (SARC) is a community-based, private nonprofit corporation that serves individuals and their families residing within Monterey, San Benito, Santa Clara, and Santa Cruz Counties. It is one of 21 Regional Centers in California. The State of California funds SARC to serve people with developmental disabilities as required by the Lanterman Developmental Disabilities Act. The Lanterman Developmental Disabilities Services Act, known as the “Lanterman Act,” is an essential piece of legislation passed and became law in 1969. This law declares that people with developmental disabilities and their families have the right to receive the services and support they need to live like people without disabilities.

Type of Program: Behavioral Respite service is defined as intermittent or regularly scheduled non-medical care and/or supervision/support provided in-home for children through adulthood with I/DD who have behavioral support needs.

This service provider provides services that align with Title 17, Sections 56780 – 56802 and the Lanterman Act, meeting all standard functions of a Respite Services agency.

The service provider may have to address the following, including:

- Provider will have well-trained staff who can provide support to behaviors of concern that may occur frequently and can range in intensity. The behaviors that may be encountered are;
 - physical aggression towards
 - property destruction,
 - elopement,
 - pica,
 - self-injurious behavior.
- Provide appropriate care and supervision.
- Attend to the basic self-help needs and other activities of daily living, including interaction, socialization, and continuation of usual daily routines, which the family members would ordinarily perform.
- Design and implement the individual behavior intervention plans. Sometimes, the family may be working with a BCBA and have a home plan. In those cases, the agency will collaborate with and incorporate elements of the plan already in place.

The service provider will provide specialized assessment considering trauma-informed care of those served, and extensive initial and ongoing training to meet the unique behavioral needs of the individuals served. The service provider must also recruit and train staff to address the behavioral and supervision needs of those receiving the service. Ongoing services would be provided by a highly qualified Director/Manager, BCBA/BCaBA, and direct support professionals with at least six months prior experience providing direct care with behavioral support to those with a developmental disability.

The outcome of this service will be to reduce out-of-home placement and provide enhanced support to families of individuals with increased behavioral needs.

The age range is 7 to 21 years of age.

Potential providers must have prior demonstrable experience, including:

- Supporting families with children/youth with I/DD, particularly those who have children who engage in aggression, self-injurious behavior, and property damage.
- Supporting people with I/DD, particularly with co-occurring mental health diagnoses.
- Working with social service community-based agencies and resources.
- Working with families who are in crisis.

The provider must have experience working directly with families and be able to work collaboratively with others in a multi-agency, interdisciplinary configuration (e.g., other regional centers, service providers, schools, etc.) for the successful support of the individual.

Preferred Provider Requirements:

1. Experienced Respite Care Service Provider.
2. Experience with developing program designs.
3. Experience working with behavioral issues and demonstrated interventions.

4. Experience with budget development.
5. Demonstrated ability to work collaboratively with multi-agency, multi-disciplinary teams in a highly regulated environment with regular quality reviews with SARC and DDS.
