RE: Enhanced Behavioral Support Home for individuals involved with the judicial system due to inappropriate social or sexual offenses.
(Residential Care Provider) - Request for Proposal SARC 2324-2

Type of Program: One Enhanced Behavioral Supports Home (EBSH) for four adults living who have been involved with the judicial system due to inappropriate social or sexual offenses.

Geographic Location(s): Monterey County (Royal Oaks, CA)

Contract Award: Startup funding up to \$250,000

San Andreas Regional Center

San Andreas Regional Center (SARC) is a community-based, private nonprofit corporation that serves individuals and their families residing within Monterey, San Benito, Santa Clara, and Santa Cruz Counties. It is one of 21 Regional Centers in California. The State of California funds SARC to serve people with developmental disabilities as required by the Lanterman Developmental Disabilities Act. The Lanterman Developmental Disabilities Services Act, known as the "Lanterman Act," is an essential piece of legislation passed and became law in 1969. This law declares that people with developmental disabilities and their families have the right to receive the services and support they need to live like people without disabilities.

Service Description:

SARC seeks to contract with an experienced provider of residential services to develop services in an Enhanced Behavioral Support Home (EBSH) for (4) four adults who have been involved with the judicial system due to inappropriate social or sexual offenses. Residents of the home will need 24-hour specialized care in a home due to their enhanced needs.

As an EBSH, the services must adhere to all Title 17 Subchapter 24 regulations and require additional staffing, consultation, and enhanced techniques/strategies to address the varying challenging behavior and support needs of these individuals.

The EBSH is intended to serve individuals who may have been in long-term institutional or locked settings and require services that respond to their unique needs. The behaviors of concern are severe and involve and are not limited to inappropriate sexual behaviors, inappropriate social behaviors, aggression, property destruction, elopement, gang affiliation, and the like. Individuals will likely have a co-occurring mental health diagnosis in addition to I/DD.

The home will offer or arrange comprehensive:

1. person-centered services,
2. positive behavioral interventions specific to the population, and
3. trauma-informed care
4. risk assessment
5. recidivism assessments

The service provider is required by statute to contract with a Qualified Behavioral Management Professional (QBMP) or have a QBMP on staff to design and ensure proper implementation of behavioral treatment. All direct service staff must become Registered Behavior Technicians (RBTs), meet all ongoing requirements for certification, and complete foundational training offered by a reputable training organization such as://www.atsa.com/atsa-master-classes/.

The service provider will be required to obtain a license from the California Department of Social Services Community Care Licensing division and will be answerable to all applicable statutes and regulations, including those currently under development upon their publishing.

The age range is 21 years of age and up.

The home is owned by a Non-Profit Housing Organization (NPO). The residential provider awarded this contract will lease the property from the NPO and pursue home licensure through Community Care Licensing.

Potential providers must have prior demonstrable experience, including:

- Supporting people with I/DD, particularly those who have engaged in or have the propensity to engage in inappropriate sexual behaviors and inappropriate social behaviors.
- Supporting people with I/DD, particularly with co-occurring mental health diagnoses.
- Supporting people with I/DD who will likely exhibit severely challenging behaviors, including assaultive behavior.
- Successfully providing 24/7 care, support, and supervision and or owning or operating a Level 4 Adult Residential Facility, Enhanced Behavioral Support Home (EBSH), or Community Crisis Home (CCH);
- Working with social service community-based agencies and resources;

- Working with people with I/DD who are in crisis, incarcerated, or at risk of frequent incarceration.
- Working with and arranging for services for individuals with I/DD, which includes family support, behavioral support, the criminal justice system, and the Office of Clients Rights.
- Leveraging mental health services specializing in working with those who have committed or are at risk of committing acts of sexual violence and providers,
- Successfully providing 24/7 care, support, and supervision to complex populations.

A provider must be able to work collaboratively with others in a multi-agency, interdisciplinary configuration (e.g., other regional centers, former caretakers, law enforcement, judicial systems, day programs, etc.) for the successful support of the individual.

Preferred Provider Requirements:

1. Experience with EBSH/CCH Start Up processes.
2. Experience with Title 17 (Title 17 Subchapter 24) and Title 22 implementation.
3. Experience with CRDP Start-up processes.
4. Experience with developing program designs.
5. Experience with budget development.
6. Previous experience working with those who have been involved with the judicial system due to inappropriate social or sexual offenses.
7. Demonstrated ability to work collaboratively with multi-agency, multi-disciplinary teams in a highly regulated environment with regular quality reviews with SARC and DDS.

EQUITY & DIVERSITY: For this RFP, culturally and linguistically diverse populations include, but are not limited to, Individuals of varying race, ethnicity, preferred language, sex, sexual orientation, gender identity, religion, age, physical disability, or mental disability.

All RFP submissions must include the following:

- A statement outlining the applicant’s plan to serve diverse populations, including, but not limited to, culturally and linguistically diverse populations.
- Examples of the applicant’s commitment to addressing the needs of those diverse populations.
- Any additional information the applicant deems relevant to issues of equity and diversity.

Board members and employees of regional centers are prohibited from submitting proposals. Refer to Title 17 regulations, Section 54314, for a complete list of ineligible applicants.
