Summer 2025

Performance Report for San Andreas Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve individuals and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about San Andreas Regional Center (SARC).

Last year, SARC served about 20,970 individuals. The charts on page two tell you about the individuals SARC serves. You will also see how well SARC is doing in meeting goals and in fulfilling our contract with DDS.

At SARC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see below, SARC exceeded the state average or the previous year's performance in keeping children with families, helping adults live in home settings, and reducing the number of adults who live in large facilities. We need to do better in keeping children from requiring treatment in large facilities.

We hope this report helps you learn more about SARC. If you have any questions or comments, please contact us!

This report is a summary. To see the complete report, go to: sanandreasregional.org/reports-policies/#performance-contract or contact Jim Elliott at (408) 341-3828.

Who uses SARC?

These charts tell you about who SARC individuals are and where they live:

How well is SARC performing?

This chart tells you five areas where DDS wants each regional center to keep improving.

The first column tells you how SARC was doing last reporting period, and the second column shows how SARC was doing at the end of fiscal year 2024/2025.

To see how SARC compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns):

Regional Center Goals (based on Lanterman Act)	June 2024		June 2025	
	State Average	SARC	State Average	SARC
More children live with families	99.69%	99.50%	99.71%	99.51%
More adults live in home settings	83.86%	82.44%	84.29%	83.14%
Fewer children live in large facilities (more than 6 people)	0.02%	0.00%	0.03%	0.06%
Fewer adults live in large facilities (more than 6 people)	1.46%	1.38%	1.36%	1.28%

Notes: 1) Individuals can be included in more than one diagnosis category. 2) Residence Types: CCF/ICF is Community Care Facility/Intermediate Care Facility; ILS/SLS is Independent Living Services/Supported Living Services. 3) Home settings include independent living, supported living, Adult Family Home Agency homes, and individuals' family homes. 4) Green text indicates the RC remained the same or improved from the previous year, red indicates the RC did not improve.

Did SARC meet DDS standards?

Read below to see how well SARC did in meeting DDS compliance standards:

Areas Measured	Last Reporting Period	Current Reporting Period
Passes independent audit	Yes	Yes
Passes DDS financial audit ¹	Yes	Yes
Audits vendors as required	Partially Met ²	Partially met ³
Didn't overspend operations budget	Yes	Yes
Participates in the federal waiver ⁴	Yes	Yes
CDERs and ESRs are updated as required (CDER is the Client Development Evaluation Report and ESR is the Early Start Report. Both contain information about individuals, including diagnosis.) ⁵	99.99%	98.58%
Intake/Assessment timelines for individuals age 3 or older met	99.67%	99.46%
IPP (<i>Individual Program Plan</i>) requirements met	97.33%	92.95%
IFSP (<i>Individualized Family Service Plan</i>) requirements met	88.1%	91.8%

Notes: ¹ [Link to DDS financial audit for fiscal years 2021-22 and 2022-23](#)

² Regional center did not submit vendor audit summary by 10/1/2023.

³ Did not complete the program for individual under age of three audit required for FY 2023-24.

⁴ The federal waiver refers to the Medicaid Home and Community-Based Services Waiver program that allows California to offer services not otherwise available through the Medi-Cal program to serve people (including individuals with developmental disabilities) in their own homes and communities.

⁵ The CDER and ESR currency percentages were weighted based on the RC's Status 1 and Status 2 caseloads to arrive at a composite score.
